B. Update from State VSP

- i. None presented.

C. Update on work group roster

- i. We will need to improve the roster list, including titles and role in plan. To come at a later meeting.

D. Review of Chapter 4

- i. Section 4.2.2 → Justin Pearson discussed verbiage regarding district sections; should remove conservation plans, cultural resource; should keep conservation plans “short and sweet” and all-encompassing versus illustrating all types
- ii. Chapter 4 is final, will email final version at a later time.

E. Review of Chapter 5

- i. Page 3 table → change icons to round icons;
- ii. General concerns about adding “real” numbers to the plan, with the potential to double-dip credit if there are multiple plans taking place in one area; other plans recognize this duplication and address this in the plan; overall, all programs should be recognized and included since they all help the plan and the goals of the plan.

- iii. Case for participation benchmarks → improve on bullet 3; should be inserted to section 5.2.2
- iv. Table 5.8 → will be revisited; overall, what do we want to monitor and what are the parameters we want to set?
